

KATHY CABELLO

Kathy Cabello has been a staple in the Indianapolis business, philanthropy, and education communities for over twenty-five years.

Kathy started her career as a computer engineer in corporate America, ultimately transitioning to marketing and customer relationship management. Her love for strategy eventually led her to start Cabello Associates—a full-service marketing consultancy that works to develop corporate strategic plans for Fortune 500 firms and other clientele.

Kathy also serves as a consultant and speaker on talent/leadership development, executive coaching, business startups and the importance of diversity in the workforce. Alongside this, promoting and encouraging higher education among Latino youth is one of Kathy's true passions, and she truly believes that education is the key to social and economic mobility.

As a first-generation American, Kathy blends her business strengths with this passion by mentoring Latino youth from across the state through her leadership of Project Stepping Stone of Indiana (PSS). This program, now in its 15th year, empowers Indiana Latino students to see the value of higher education and equips them with tools to succeed in college and beyond. Under Kathy's leadership, PSS has awarded over \$400,000 in college scholarships to more than 200 students.

Kathy is also an active member of the community serving as an Indiana State University Board Trustee, Indy 500 Festival Board Director, Indiana Women's Suffrage Centennial Commissioner and is past President of the National Association of Women Business Owners and the National Society of Hispanic MBAs – Indianapolis Chapter (now Prospanica).

Kathy has been recognized for her leadership and service with various awards but considers her family at the top of the accomplishment list. She has been married to her best friend, Eddy, for 33 years and is the mother of two lovely and talented daughters, Marcela & Gabriela.

Kathy Cabello holds a B.S in Computer Science from Eastern Michigan University and her MBA from the University of Notre Dame. She is also an MBEP graduate of the Tuck School of Business at Dartmouth.
